ELPRO Technologies Wireless Partners and Customers

**RE: 105/905U-G-DE1 DeviceNet Slave, 105/905U-G-M+1 Modbus Plus Gateway Products – End of Life Notification and Product Transition**

This notification is advising that ELPRO Technologies will be ceasing production of the following products.

- 105U-G-DE1, 105U-G-M+1 Gateways in all frequency bands (150MHz, 220MHz, 400MHz, 868MHz, 869MHz)
- 905U-G-DE1, 905U-G-M+1 in all 900MHz bands

*See below table for all applicable part numbers affected in this notification.*

Products listed above will be obsoleted as of **30<sup>th</sup> June 2020**.

**Notification Reason:** Due to component constraints for the DeviceNet and Modbus Plus Gateway products and industry shift towards more Ethernet based products, ELPRO cannot support any orders beyond 30<sup>th</sup> June 2020 for the mentioned DeviceNet and Modbus Plus Gateways.

**Other ELPRO Gateway Products**

ELPRO does not have any end of Life program in place for the other 105U & 905U Gateway products. These products are and will be continually supported along with 105U and 905U Wireless I/O products.

**Existing Systems with above mentioned products**

Service support for the above-mentioned products will be available for up to 2 years after the end of life date, conditional on available service parts.

**Contact and Support**

ELPRO Technologies appreciates and values your continued support and business and we look forward to working with you into the future. Please contact your ELPRO Sales or Technical Support representative with any questions you may have.
