

ETH-C5A Ethernet Cables

Pre-terminated Ethernet straight-through Cat 5 cable for simple commissioning

Description

The ETH-C5A straight-through Ethernet cable is designed to connect ELPRO Ethernet products to peripheral Ethernet devices. Each cable is pre-terminated and tested to eliminate the potential for poor termination when commissioned.

This cable may be required when connecting to NIC, HUB, or MDIX devices that do not feature auto-MDIX.

Specifications

SPECIFICATION	DESCRIPTION
Termination	
Module	RJ-45
Configuration	
Straight through	Cat 5
General	
Length	6.5 (2m)

Note: Specifications are subject to change.
