

# SER-DB9 Serial RS-232 Cable

Pre-terminated straight through serial cable for configuration and diagnostics

## Description

The SER-DB9 serial cable is a 6.5' (2m) DB-9 male to DB-9 female straight-through pre-terminated cable. The cable enables configuration, diagnostics, and exchange of serial data to DTE devices. The SER-DB9 can also be used for firmware upgrades of several ELPRO products.
