

SER-RJ45 Serial RS-232 Cable

Pre-terminated configuration cable for simple commissioning

Description

The SER-RJ45 serial cable is a 3.6' (1.1m) DB-9 female to RJ-45 male pre-terminated straight-through cable. It is suitable for various ELPRO products and is used for connecting between ELPRO products and peripheral equipment.

The SER-RJ45 cable enables configuration, diagnostics, and exchange of serial data to a DTE device.

Note: Configure other ELPRO products using the SER-DB9 cable (data sheet #DS-SER-DB9).
